

REFLECTORNET®

Stretch Pallet Netting

“Stretch your dollar further...”

A one net structure for all applications of pallet wrapping:

With built in memory, air circulation, maintaining its elasticity and up to 100% elongation you get more pallets wrapped per roll, using less net and saving you money!

ReflectorNet® envelopes all the contours of the product being wrapped; and with its powerful elasticity adds pressurized shaping for the containment of the pallet.

MADE FROM 100% PE, SO IT'S RECYCABLE MATERIAL!

Machine Grade	Length	Width	Core	Rolls/Pallet
ReflectorNet	10,000'	20'''	76mm	100
ReflectorNet	10,000'	30'''	76mm	70
ReflectorNet	20,000'	20'''	76mm	60
Hand Roll	Length	Width	Core	Roll/Pallet
ReflectorNet	3,300'	20'''	76mm	125
